Defendant,	:	
vs.	:	ORDER GRANTING IN PART SCO'S
		MOTION FOR IN CAMERA REVIEW
INTERNATIONAL BUSINESS MACHINES CORP.		JUDGE DALE A. KIMBALL
Defendant/Counterclaim Plaintiff.		MAGISTRATE JUDGE BROOKE C. WELLS

This matter is before the court on Plaintiff/Counterclaim Defendant The SCO Group's (SCO) Motion For In Camera Review of Allegedly Privileged Documents.¹

Defendant/Counterclaim-Plaintiff International Business Machines Corporation's (IBM) has submitted the documents at issue for *in camera* review. Accordingly, SCO's motion is GRANTED in PART. The court is reviewing the documents and will inform the parties in due course whether the court finds the documents at issue privileged.

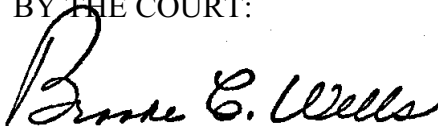

¹ Docket no. 678.

The court however, DENIES SCO's request for a contemporaneous review of the documents. In the court's view this would destroy the purpose of an *in camera* review as is currently envisioned by the Federal Rules.

IT IS SO ORDERED.

DATED this 20th day of June, 2006.

BY THE COURT:

A handwritten signature in black ink, reading "Brooke C. Wells", written over a horizontal line.
